= Tissu avec certification Oeko-Tex

= Tissu issu de l'agriculture BIO

= Coton Créateur imprimé avec des encres éco-responsables à base d'eau sur du coton Oeko-Tex ou certifié biologique GOTS.

Les tissus certifiés avec le label **Oeko Tex standard 100** sont garantis sans substances nocives pour notre santé et pour l'environnement (produits chimiques, métaux lourds, colorants toxiques, perturbateurs endocriniens...). Les contrôles mis en place par le label Oeko-Tex s'applique tout au long du processus de fabrication du tissu et de ses composants : de la fabrication de la matière première, jusqu'à la teinture. Le certificat Oeko-Tex n'est délivré que pour une seule année, garantissant ainsi la qualité de ce label.

Attention toutefois à ne pas confondre le label Oeko-Tex avec le **label GOTS**.

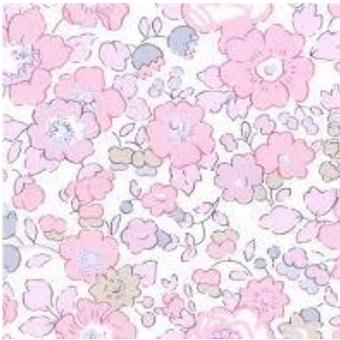

Le label GOTS garantit un tissu biologique. Certains de nos tissus disposent des 2 certifications.

Les tissus en **Liberty of London®** sont garantis sans colorants interdits, comme spécifié par le règlement REACH 1907/2006 et la loi allemande, comme indiqué par l'Agence européenne des produits chimiques (ECHA) Directive 2002/61 / CE et Oeko-Tex Standard 100 et tous leurs amendements.
